

The Giving Tree will be up November 12 through November 26 in the Connections Café. Please take a tag from the tree and purchase either a gift card or the gift requested on the tag. There is no price limit on your gift. If you make a gift card your donation, please put it in a gift bag along with the recipients tag. All gifts are due back at church by December 3.

All gifts will be distributed to the Zacharias Center in Gurnee. Survivors come to ZCenter to regain the power and control that was taken from them in the most vulnerable way and your gift can help them do that.

In past years, the congregation of Joy! has astounded and amazed with their generosity and outpouring of love for this ministry. This year we are encouraging you to consider taking a gift card tag from the tree. We will still have material request tags on the tree, but often a family is more empowered by providing them the opportunity to purchase a gift for their child.

This simple act of “handing over the purse” to the parents, reinforces and empowers them while they deal with situations that are out of their control.

So prayerfully consider your donation to ZCenter this year. Not only can you make a child’s Christmas a happy and joyful time, but you can enable their parents to also regain the strength and power that they may felt they have lost.

Thank you for continuing to support this outreach.
