8000 Days of Retirement

Tuesday, March 10th 6:30 - 8pm

Most clients have a clear image of retirement Day One (e.g. fishing, golfing, traveling). But few can imagine 8,000 days of golf. With today's rising lifespans, we could be facing roughly 20 or more years in retirement, which is approximately 8,000 days. Retirement is no longer an end, but rather a new, complex beginning. Come to the workshop and learn how to navigate every phase of retirement.

Building Your Retirement Foundation

Thursday, April 23rd 6:30 - 8pm

Rome wasn't built in a day and neither will your retirement. Whether you are just starting out, already developing a plan, or established in your retirement strategy, join us and get answers to questions such as: How much should I save? What type of accounts should I have? This workshop helps attendees learn how to build a strong and adaptable financial strategy and be more confident in saving for retirement.

Give Now, Give Later, Give and Receive

Tuesday, May 12th 6:30 - 8pm

We all know someone who is more generous with their time, talents, and treasures than you could imagine possible. You might wonder, "How do they do that? and Why do they do that?". The answers might surprise you. This workshop helps attendees learn to be good stewards of the gifts they've been given. You will learn how to make giving an act that benefits your family **and** the people and causes you care about.
